INDEPENDENT AUDITOR'S REPORT

Board of Directors
 Newport Municipal Utility District
 Harris County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Newport Municipal Utility District (the "District") as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of December 31, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Board of Directors
Newport Municipal Utility District

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors
Newport Municipal Utility District

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**NEWPORT MUNICIPAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2023**

Management's discussion and analysis of the financial performance of Newport Municipal Utility District (the "District") provides an overview of the District's financial activities for the fiscal year ended December 31, 2023. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provides both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position presents information that includes all of the District's assets, liabilities, deferred inflows of resources, and deferred outflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

**NEWPORT MUNICIPAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2023**

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and other supplementary information. The budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$16,058,279 as of December 31, 2023. A portion of the District's net position reflects its net investments in capital assets which includes land and land improvements, construction in progress, equipment, buildings, water, wastewater and drainage facilities and parks less any debt used to acquire those assets that is still outstanding.

The table on the following page presents a comparative analysis of government-wide changes in net position for the current and prior years.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2023**

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of December 31, 2023, were \$37,721,719, an increase of \$5,551,693 from the prior year.

The General Fund fund balance increased by \$3,694,488, primarily due to service revenues, property tax revenues, and investment revenues exceeding operating, capital, and administrative costs.

The Debt Service Fund fund balance increased by \$137,933, primarily due to the structure of the District's outstanding long-term debt.

The Capital Projects Fund fund balance increased by \$1,719,272. The increase was due to the issuance of the Series 2023 bonds in the current year, a portion of which remained unspent at year end.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board adopts an unappropriated budget each year. Actual revenues were \$1,589,393 more than budgeted revenues and actual expenditures were \$486,864 more than budgeted expenditures which resulted in a positive variance of \$1,102,529.

CAPITAL ASSETS

Capital assets as of December 31, 2023, totaled \$39,276,566 (net of accumulated depreciation) and include land and land improvements, construction in progress, buildings, equipment, parks and the water, wastewater and drainage systems.

LONG-TERM DEBT ACTIVITY

At year end, the District had total bond debt payable of \$57,190,000. The changes in the debt position of the District during the fiscal year ended December 31, 2023, are summarized as follows:

Bond Debt Payable, January 1, 2023	\$ 45,910,000
Add: Bond Sale	12,430,000
Less: Bond Principal Paid	<u>(1,150,000)</u>
Bond Debt Payable, December 31, 2023	<u>\$ 57,190,000</u>

The District's bonds carry an underlying rating of "A" from Standard & Poor's. The District's Series 2016 Refunding Bonds carry an insured rating of "AA/AA+" and the Series 2018 Bonds carry an insured rating of "AA" by virtue of bond insurance issued by Assured Guaranty Municipal Corporation. The District's Series 2019 Refunding, Series 2020A, Series 2020B, Series 2021 and Series 2023 Bonds carry insured ratings of "AA" by virtue of bond insurance issued by Build America Mutual Assurance Company. Credit enhanced ratings provided through bond insurance policies are subject to change based on changes to the ratings of the insurers.

Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	(3,520)
Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are assessed.	(5,583)
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(1,232,868)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.	10,751,461
In the Statement of Net Position, bond discounts, bond premiums, deferred charges on refundings and bond insurance are amortized over the life of the bonds and the current year amortized portion is recorded in the Statement of Activities.	91,748
Governmental funds report bond principal payments and note principal payments as expenditures. However, in the Statement of Net Position, the principal portion of bond and note payments are reported as decreases in long-term liabilities.	1,154,545
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	(142,830)
Governmental funds report bond proceeds as other financing sources. Issued bonds increase long-term liabilities in the Statement of Net Position.	(12,430,000)
Governmental funds report receipts of payments in lieu of taxes as revenues in the period received. However, in the Statement of Net Position, payments in lieu of taxes are recorded as unearned revenue and amortized over 20 years, as defined by the governing agreement.	225,000
Governmental funds report lease revenues when collected. The net present value of future lease payments are recognized over the term of the lease in governmental activities.	<u>28,439</u>

NEWPORT MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023

NOTE 1. CREATION OF DISTRICT

Harris County Municipal Utility District No. 20 (“District No. 20”) was created by an Order of the Texas Water Rights Commission, presently known as the Texas Commission on Environmental Quality (the “Commission”), effective December 13, 1972. Harris County Municipal Utility District No. 73 (“District No. 73”) was created by an Order of the Texas Water Rights Commission, presently known as the Commission, effective September 13, 1977. Pursuant to the Texas Water Code, two or more districts governed by the provisions of Chapter 54 may be consolidated to form a single district. The Board of Directors of District No. 20 and District No. 73 agreed to consolidate. Effective May 2, 1998, voters within both districts voted to approve the consolidation into Newport Municipal Utility District (the “District”). Effective August 1, 1998, the District was formed. Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, and to construct parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on August 26, 1998, and the first bonds of the District were sold on August 31, 1999.

The District is contiguous to Harris County Municipal Utility District No. 19 (“District No. 19”), which was organized at the inception of the Newport Project to own and operate the regional water supply and distribution and sewage collection and treatment facilities to serve all of the municipal utility districts in the Newport Project. District No. 19 operated in that capacity pursuant to a Water Supply Contract by and among District No. 19, Harris County Municipal Utility District No. 74 (“District No. 74”), District No. 20, District No. 73 and Purcell Co., Inc. (“Purcell”) (a previous developer in the Newport Project) dated May 1, 1978, as amended, and an Amended and Restated Waste Disposal Agreement by and among District No. 19, District No. 74, District No. 20, District No. 73 and Purcell dated September 1, 1980, as amended. District No. 19 owned and operated the central water supply facilities and wastewater treatment facilities for the benefit of other municipal utility districts that in turn provided retail water and wastewater service for all residential and commercial customers in the Newport Project.

After the consolidation of District No. 20 and District No. 73, the District became the only municipal utility district providing retail water and wastewater service to all residential and commercial customers in the Newport Project. In an effort to increase efficiency and reduce overall costs of administration of operations and maintenance of the water supply and wastewater treatment systems and facilities by eliminating certain duplicative administrative expenses, the District agreed to assume the rights, powers, duties and property of District No. 19. Pursuant to a Contract for Assignment of Rights, Powers and Duties and Transfer of Property, District No. 19 and the District agreed to transfer to the District all of District No. 19’s rights,

powers and duties with respect to all of the existing central water supply and wastewater treatment facilities owned and operated by District No. 19, along with any future expansions or replacement of the facilities. The assignment and transfer were effective as of December 31, 1998, and since the effective date, District No. 19 has been inactive. Dissolution of District No. 19 occurred in 2016. Currently, the District operates all water supply and wastewater treatment plants and facilities in the Newport Project.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established criteria for determining whether or not an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting (“GASB Codification”).

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

NEWPORT MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

- Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

Fund Financial Statements

The District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers each to be a major fund.

NEWPORT MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental Funds (Continued)

The General Fund accounts for resources not required to be accounted for in another fund, customer service revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both “measurable and available.” Measurable means the amount can be determined. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectible within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include the 2022 tax levy collections during the period October 1, 2022 to December 31, 2023, and taxes collected from January 1, 2023 to December 31, 2023, for the 2021 and prior tax levies. The 2023 tax levy has been fully deferred to meet the obligations of the District in the 2024 fiscal year.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. The Debt Service Fund owed the General Fund \$524,132 for maintenance tax collections and the Capital Projects Fund owed the General Fund \$1,587,868 for capital costs.

Service Accounts Receivable

The District provides for uncollectible accounts receivable through the allowance method of accounting. Under this method a provision for uncollectible accounts is charged against service revenue, and the allowance account is increased or decreased based on past collection history and management’s evaluation of current accounts receivable. All amounts considered uncollectible are charged against service revenue, and recoveries of previously charged-off accounts are added to service revenue. The District established a \$40,000 allowance for uncollectible accounts at December 31, 2023.

DECEMBER 31, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets, which include land and land improvements, construction in progress, equipment, buildings, water, wastewater and drainage systems, and parks, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their acquisition value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$10,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation over estimated useful lives ranging from 3 to 45 years.

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the budgeted amounts compared to the actual amounts of revenues and expenditures for the current year.

Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service has determined that fees of office received by Directors are considered to be wages subject to federal income tax withholding for payroll purposes only.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NEWPORT MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position. Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources.

Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. During the fiscal years ending 2019, 2020 and 2022, the District collected \$2,005,057 in capital project base fees. As of December 31, 2023, this amount has been committed for future capital project improvements. Base fees are no longer included in charges to District customers.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

2039-2043	13,545,000	2,974,450	16,519,450
2044-2048	12,030,000	987,862	13,017,862
	<u>\$ 57,190,000</u>	<u>\$ 22,788,713</u>	<u>\$ 79,978,713</u>

As of December 31, 2023, the District had authorized but unissued bonds in the amount of \$27,780,000 for water, sewer and drainage facilities, \$50,000,000 for water, sewer and drainage facilities for Defined Area No. 1 and \$55,000,000 for water, sewer, and drainage facilities for Defined Area No. 2 (see also Note 13). The District also has authorization to issue bonds for refunding purposes.

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount, and certain bonds are further payable from and secured by a lien on and pledge of the net revenues to be received from the operation of the District's waterworks and sanitary sewer system.

During the year ended December 31, 2023, the District levied an ad valorem debt service tax rate of \$0.27 per \$100 of assessed valuation, which resulted in a tax levy of \$2,839,310 on the adjusted taxable valuation of \$1,051,596,372 for the 2023 tax year. The bond orders require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy and Note 13 for the tax levied for Defined Area No. 1.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTE 4. SIGNIFICANT BOND ORDERS AND LEGAL REQUIREMENTS

The District is required to provide to certain information repositories continuing disclosure of annual financial information and operating data with respect to the District. The information is of the general type included in the annual audit report and must be filed within six months after the end of each fiscal year of the District.

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of Section 148(f) of the Internal Revenue Code, be rebated to the federal government.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the District's deposits was \$1,664,418 and the bank balance was \$1,712,044. Of the bank balance, \$599,843 was covered by federal depository insurance and the remaining by pledged collateral held by a third party in the District's name. The District was not exposed to custodial credit risk at year-end.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at December 31, 2023, as listed below:

GENERAL FUND	\$ 507,651
DEBT SERVICE FUND	1,056,924
CAPITAL PROJECTS FUND	<u>99,843</u>

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool, an external investment pool that is not SEC-registered. The State Comptroller of Public Accounts of the State of Texas has oversight of the pool. Federated Hermes, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool measures all of its portfolio assets at amortized cost. As a result, the District also measures its investments in TexPool at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool.

The District invests in Texas CLASS, an external investment pool that is not SEC-registered. Texas CLASS invests only in securities allowed by the Public Funds Investment Act and is governed by a board of trustees, elected annually by its participants. Public Trust Advisors, LLC serves as the pool's administrator and investment advisor and UMB Bank, N.A. serves as custodian for the pool. Texas CLASS measures all of its portfolio assets at amortized cost. As a result, the District also measures its investments in Texas CLASS at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from Texas CLASS.

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

As of December 31, 2023, the District had the following investments and maturities:

Funds and Investment Type	Fair Value	Maturities of Less Than 1 Year
<u>GENERAL FUND</u>		
TexPool	\$ 1,046	\$ 1,046
Texas CLASS	19,341,255	19,341,255

TOTAL INVESTMENTS	<u>\$ 39,306,461</u>	<u>\$ 39,306,461</u>

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At December 31, 2023, the District's investments in TexPool and Texas CLASS were rated AAAM by Standard and Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investments in TexPool and Texas CLASS to have maturities of less than one year due to the fact the share positions can usually be redeemed each day at the discretion of the District unless there have been significant changes in value.

Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes.

All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

NOTE 7. MAINTENANCE TAX

At an election held on May 2, 1998, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$1.00 per \$100 of assessed valuation of taxable property within the District. This maintenance tax is to be used by the General Fund to pay expenditures of operating the District's waterworks and sanitary sewer system and for any other lawful purpose. During the year ended December 31, 2023, the District levied an ad valorem maintenance tax rate of \$0.3323 per \$100 of assessed valuation, which resulted in a tax levy of \$3,494,455 on the adjusted taxable valuation of \$1,051,596,372 for the 2023 tax year.

NOTE 8. AGREEMENT WITH DEVELOPER

On April 25, 1991, the districts that now form the District executed an agreement with Purcell, the Developer within the District at that time. The agreement provided for the purchase of a tract of land to be used for the surface water treatment plant at a price of \$25,000. The districts agreed to provide water on an interim basis up to 24,000,000 gallons a year at a cost of \$0.22 per 1,000 gallons of water used by the Newport Country Club Golf Course.

On June 30, 1999, the District executed a First Amendment to Agreement with Stonebridge Properties Corporation (the “Developer”), as successor in interest to Newport Partners and Purcell. The Developer agreed to fund the cost of the distribution line to provide water from a point of connection to the golf course and obtain approval of the San Jacinto River Authority at no cost to the District. The Developer will have a credit applied against the cost of water supplied to the golf course consisting of the \$25,000 original cost of the land plus compounded interest of \$27,032 from the original contract date to present. Future credits are as follows:

Fiscal Year	Principal	Interest	Total
2024	<u>\$ 3,618</u>	<u>\$ 326</u>	<u>\$ 3,944</u>

In certain years, the Developer has taken water in amounts that are less than the total yearly credit amount, and in other years, the Developer has taken water in amounts that are more than the total credit amount. The District’s requirement to provide raw water at its cost will terminate at the earlier of the payout schedule listed above or December 31, 2030.

NOTE 9. STANDBY CHARGES

In a prior fiscal year, the District imposed a standby fee on undeveloped property within the District. The District no longer imposes standby fees. The following is a summary of standby fee transactions for the fiscal year ended December 31, 2023.

Standby Fees Receivable – January 1, 2023	\$ 140,991

NOTE 10. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The District carries commercial insurance for its fidelity bonds and participates in the Texas Municipal League Intergovernmental Risk Pool (TML) to provide property, general liability, automobile, boiler and machinery, errors and omissions and workers compensation coverage. The District, along with other participating entities, contributes annual amounts determined by TML's management. As claims arise they are submitted and paid by TML. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

NOTE 11. UNREIMBURSED COSTS

The District has executed Water, Sewer and Drainage Improvement Financing and Construction Contracts with Developers within the District. These agreements provide for the Developers to advance funds for the contribution of certain facilities with the agreement that the District will use its best efforts to issue, sell and deliver its bonds on the best available terms as soon as reasonably practical and use the proceeds to reimburse the costs incurred by the Developers. The District will not initiate a sale of bonds to pay the reimbursable costs until the District receives the advice of its financial advisor that two tests are met: 1) the sale of bonds will not necessitate the increase in the District's debt service tax rate beyond certain set amounts, and 2) the assessed valuation of the project and all taxable improvements constructed would independently support the issuance of bonds in one or more series to pay the Developers. The District will apply certain formulas to determine when the District is obligated to issue bonds for the purpose of reimbursing the Developers. The amount to be reimbursed to the Developers is limited by certain financial tests in the contracts and rules of the Commission and may not be the full amount expended by the Developers on behalf of the District.

The following table presents a summary of due to developer transactions for the current year:

Due to Developer – January 1, 2023	\$ 2,068,637
Plus: Current Year Additions	306,899

NOTE 12. WATER SUPPLY CONTRACT

On April 17, 2008, the District entered into a Water Supply Contract (“Contract”) with the San Jacinto River Authority (the “Authority”). The Contract states the Authority will provide up to 1,850,000 gallons of untreated surface water per day (“demand quantity”) to the District. The District is obligated to pay the Authority for an average daily quantity equal to the demand quantity, whether actually taken by the District or not, at the applicable rate per 1,000 gallons. The rate as of December 31, 2023, was \$0.545 per 1,000 gallons. During the current fiscal year, the District paid \$376,270 for water purchased in accordance with the Contract. The Contract is in effect for a term of 40 years commencing May 1, 2008.

NOTE 13. DEFINED AREA NO. 1 AND DEFINED AREA NO. 2

At an election held on May 6, 2017, District voters authorized the establishment of Defined Area No. 1 within the District, issuance of new money bonds to benefit the Defined Area No. 1 in the maximum amount of \$50,000,000 to be used for water, sewer and drainage system improvements, and the levy and collection of a maintenance tax upon all taxable property within the Defined Area No. 1. During the year ended December 31, 2023, the District levied an ad valorem maintenance tax rate for the Defined Area No. 1 of \$0.7977 per \$100 of assessed valuation, which resulted in a tax levy of \$31,833 on the adjusted taxable valuation of \$3,990,545 for the 2023 tax year.

At an election held on November 8, 2022, District voters authorized the establishment of Defined Area No. 2 within the District, issuance of new money bonds to benefit the Defined Area No. 2 in the maximum amount of \$55,000,000 to be used for water, sewer and drainage system improvements, and issuance of refunding bonds of \$18,350,000 for the Defined Area No. 2. At an election held on May 6, 2023, District voters approved an operation and maintenance tax at an unlimited rate upon all taxable property within the Defined Area No. 2. During the year ended December 31, 2023, no ad valorem maintenance tax rate was levied for the Defined Area No. 2.

NOTE 14. LEASE AGREEMENTS

On January 1, 1997, the District entered into a Site Agreement to lease property to a third party for the purpose of constructing and operating a communication facility, including tower structures and related equipment. The term of this Site Agreement was December 31, 2001, with four five-year renewal option periods. On August 16, 2018, the District entered into the First Amendment to Site Agreement which extended the term of the lease for another five additional five-year renewal option periods. Quarterly payments are expected to range from \$5,658 to \$11,166 for the 96 quarters from fiscal years 2023 to 2046 which encompasses an annual rent expense increase of 3.00% each year. The expected lease termination is December 31, 2046. The discount rate used to calculate the lease receivable and related deferred inflow was 3.00%.

NOTE 14. LEASE AGREEMENTS (Continued)

On November 28, 2007, the District entered into a Communications Facilities License Agreement (“CFLA”) to provide a third party with facilities for housing and operating certain communications equipment. The term of the CFLA is ten years with four additional five-year option renewal periods. Monthly payments are expected to range from \$1,981 to \$3,431 for the 180 months from fiscal year 2023 to 2037 which encompasses an annual rent expense increase of 4.00% each year. The expected lease termination is December 31, 2037. The discount rate used to calculate the lease receivable and related deferred inflow was 4.00%.

These agreements are both required to be recorded in the financial statements in accordance with GASB Statement No. 87 which was implemented in the current fiscal year. Deferred inflows of resources related to lease revenues was \$878,345 as of the beginning of the current fiscal year (the date of implementation of GASB Statement No. 87). The District recognized lease revenue of \$45,279 during the current fiscal year which resulted in a year-end balance for deferred inflows of resources of \$833,066.

The changes in lease receivable during the current fiscal year are summarized in the following table:

Lease Receivable, January 1, 2023	\$	878,345
Add: Lease Receivable Additions		
Less: Lease Principal Received		(16,840)
Lease Receivable, December 31, 2023	\$	861,505

Future payments to be received by the District under the terms of the two leases are summarized in the following table:

Fiscal Year	Principal	Interest	Total

NOTE 15. WATER AND WASTEWATER TREATMENT AGREEMENTS

The District has entered into a Water Supply Agreement with Harris County Municipal Utility District No. 578 (“District No. 578”) to provide water to District No. 578. District No. 578 is required to construct a water supply line and related facilities from the District to District No. 578. The District is obligated to provide up to, but not more than, 350 ESFCs to District No. 578. The District could need to expand the surface water treatment plant earlier than would otherwise be necessary as a result of the Agreement with District No. 578. Pursuant to such Water Supply Agreement with District No. 578, District No. 578 is obligated to pay the District a total of \$1,262 per ESFCs in two equal installments and to make monthly payments for water at 150% of the in-District rate. During the current fiscal year, there were no payments from District No. 578 paid the District in relation to this Agreement. The next surface water treatment plant expansion is currently planned for 2025.

The District has also entered into a Wastewater Treatment Agreement with Harris County Municipal Utility District No. 578 to provide wastewater service to District No. 578. District No. 578 is required to construct a sewer line and related facilities from the District to District No. 578. The District is obligated to provide up to, but not more than, 350 ESFCs to District No. 578. The District could need to expand the wastewater treatment plant earlier than would otherwise be necessary as a result of the Agreement with District No. 578. District No. 578 is obligated to pay the District a total of \$1,738 per ESFCs in two equal installments and to make monthly payments for sewer at 150% of the in-District rate. During the current fiscal year, there were no payments from District No. 578 paid the District in relation to this Agreement. The next wastewater treatment plant expansion is currently planned for 2025.

NOTE 16. UNEARNED REVENUE

In September 2020, the District received \$4,500,000 for a non-taxable entity tap fee. The tap fee was calculated based on the assessed value of certain tracts totaling \$37,500,000 and a tax rate of \$0.60 per \$100 assessed valuation. The tap fee was calculated by multiplying the assessed value of the tracts by the tax rate by the number of years left to retire all of the District’s outstanding bonds at the time the exemption was granted by the appraisal district. The District recognized revenue of \$225,000 in the current fiscal year which resulted in a year end balance of unearned revenue of \$3,825,000. Unearned revenue of \$225,000 per year will continue to be recognized each year for the next 17 years.
